PRESS RELEASE

The City of Highland Awards Contract to Hernandez, Kroone & Associates, Inc. Its 3rd / 5th Street Corridors Improvement Project

HKA To Provide Professional Engineering Services To Improve Infrastructure Around The San Bernardino International Airport, And The Business And Industrial District Surrounding It

San Bernardino, California, February 12, 2019 — On November 17, 2018, Hernandez Kroone and Associates, (HKA), entered into a three-year contract to provide professional engineering services to the City of Highland and its economic partners, for 2.1 miles of traffic and infrastructure improvements on four major corridors within the City.

Construction costs for the project, known as the 3rd Street / 5th Street Corridors Improvement, are estimated to be \$4.4M. The City and its partners have endeavored to obtain funding for this project for several years. Ultimately funding was established through federal grants from the U.S.

Department of Commerce, Economic Development Agency. The improvements through this corridor are essential to the continued growth and economic development at the former Norton Air Force Base and within the region.

“HKA has performed extensive engineering, traffic studies and survey work in this region, including the airport, for over thirty years, and we are excited to get started on these much-needed improvements,” said Anne Hernandez, PE, and Principal of HKA.

Specific services HKA will provide include overall project management, complete Right-of-way engineering, construction management, and inspection, surveying and staking, utility coordination and more. “This is a project that is close to our home office and close to our hearts because as a nearby business we are able to monitor the progress of the project and witness the benefits these improvements will have in our community first hand.” Anne continued.

Complete details of this project are available for a limited time for download from the City of Highland's website. <http://www.ci.highland.ca.us/Downloads/>

About Hernandez, Kroone & Associates

Hernandez, Kroone & Associates has been providing state-of-the-art engineering and innovative solutions for infrastructure and transportation projects for over 30-years. In addition to surveying and engineering, HKA has been leading construction design and build services as a general contractor since 2005. HKA has a team of highly skilled professional engineers and surveyors dedicated to providing the best possible outcomes for clients in both the public and private sectors. Please visit hkagroup.com
